EAST LANE GOLF

Stableford Ready-Reckoner

Points per hole by net score

Stableford rewards good holes and limits the damage on bad ones. Take the shots you receive on a hole off your gross to get your net score, then read off the points.

Net score (vs par)	Points
Net eagle or better	4 +
Net birdie	3
Net par	2
Net bogey	1
Net double bogey or worse	0

Your course handicap is allocated by each hole's stroke index (SI) — usually one shot on the hardest holes, a second once your handicap passes 18. Net = gross minus the shots received on that hole.

Example: a par 4 where you receive one shot — a gross 5 is net 4, worth 2 points.

Can't score a point? Pick up, take your 0 and move on — it protects your total and speeds play.
