EAST LANE GOLF

Wind Adjustment Card

Club up, swing easy

“When it's breezy, swing easy.” Hitting harder into wind only adds spin and balloons the ball.

Wind	Adjustment
Into (light)	+1 club, swing smooth
Into (strong)	+2 clubs, ball back, lower flight
Downwind	–1 club; expect more roll
Cross wind	Aim up the windward edge, commit

Tee lower into wind for a more penetrating flight.
